MICROVERSE

Mentor (Volunteer)

Remote

March 2022 – Present

- Mentored three junior web developers by providing technical support (HTML/CSS, React-Redux, JavaScript and Ruby on Rails), professional development, feedback, code reviews, and professional ethics.
- Provided tips and advice on how to stay motivated to keep mentees in the program.
- Proposed meaningful modification to improve the quality and overall performance of code.
- Encouraged students to be ardent learners to research issues and ask for help when necessary.

EDUCATION

MICROVERSE

November 2021 – 2022

Remote Full-stack Web Development Program, Full Time

- I spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- I have also developed teamwork and remote pair-programming skills using GitHub, industry-standard gitflow, and daily standups to communicate and collaborate with international remote developers.

National Open University of Nigeria

Social Science, Mass communication

Remote

January 2020 – Present

- I have been developing the skill of working and learning remotely through the university portal.
- I have been learning the process of creating, sending, receiving, and analyzing messages to large audiences via verbal and written media
