EXPERIENCE

FRONT-END WEB DEVELOPER

Freelance work

Remote

November 2021– July 2022

Front-end Web Developer

Watch Sphere— A sleek web app for exploring Movies and TV Shows using TMDB data, featuring trailers, cast info, ratings, and more in a responsive UI.

- Built with: React, Tailwind CSS, JavaScript

Front-end Web Developer

Microverse

Air pollution — Developed a web app tracking air pollution in more than 20 countries by integrating real-time API data.

- Built with: React, Redux, Scss, Gitflow

Front-end Web Developer

Microverse

Math-Magicians — A Single Page App (SPA) that allows users to make calculations and read a random math-related quote.

- Built with: HTML, CSS, JavaScript, React

MICROVERSE

Mentor (Volunteer)

Remote

March 2022 – May 2023

- Mentored three junior web developers by providing technical support (HTML/CSS, React-Redux, JavaScript, and Ruby on Rails), professional development, feedback, code reviews, and professional ethics.
- Provided tips and advice on how to stay motivated to keep mentees in the program.
- Led a code refactoring initiative across three core modules, reducing average function complexity by 40% and enhancing code maintainability, which decreased debugging time by 15 hours per week.
- Encouraged students to be ardent learners to research issues and ask for help when necessary.

EDUCATION

MICROVERSE

Full-stack Web Development Program, Full Time

Remote

November 2021 – July 2022

- Completed 1,300+ hours mastering algorithms, data structures, and full-stack development, building projects using Ruby, Rails, JavaScript, React, and Redux.
- Developed teamwork and remote pair-programming skills using GitHub, industry-standard Gitflow, and daily standups to collaborate with international remote developers.

National Open University of Nigeria

Social Science, Mass communication

Remote

January 2020 – 2024

- Gained experience in remote learning and digital communication through the university portal.
- Studied the process of creating, sending, receiving, and analyzing messages to large audiences through verbal and written media.
